\*\*\*HEALTH NUGGET\*\*\*

Health benefits of blueberries:

---Boosts immunities - With a daily serving of blueberries, you can easily keep common colds, seasonal flu and other illnesses at bay. Blueberries are loaded with antioxidants that strengthen the immune system by neutralizing free radicals and fight infections To keep your immune system strong, eat blueberries fresh instead of the packaged versions.

---Fights cancer - High amounts of vitamin C, copper and phenolic compounds make these berries rich in antioxidants that help inhibit cancer cells from progressing.Plus, blueberries have several minerals and phytochemicals that work together to prevent the growth and spread of various forms of cancerous cells.

---Reduces belly fat - A 2009 University of Michigan Cardiovascular Center study shows that blueberries help eliminate belly fat. The polyphenols in blueberries can break down belly fat and reduce the risk factors for metabolic syndrome.

Christ might, because of our guilt, have moved far away from us. But instead of moving farther away, He came and dwelt among us, filled with all the fullness of the Godhead, to be one with us, that through His grace we might attain perfection. By a death of shame and suffering He paid our ransom. From the highest excellency He came, His divinity clothed with humanity, descending step by step to the lowest depths of humiliation. No line can measure the depth of His love...

Ellen White "Reflecting Christ"
